

Trap and Skeet Range Rules

- All shooters should wear eye and ear protection
- Firearms must be pointed down range at all times
- The action of all firearms must be open when the shooter is not shooting
- When shooting trap, only one shell at a time may be loaded
- When Shooting skeet, load only the required amount of shells for a given station/shot (2 maximum)
- Firearms must be unloaded when walking from station to station
- Any given person will not be allowed to use a firearm if he/she appears to be under the influence of a drug, alcohol, or medication that may impair their judgment.
- The trap and skeet ranges are to be used for shotgun shooting only, discharge of any other firearm is strictly prohibited.
- No alcohol will be permitted at shooting lines.
- Any foul language or offensive conduct is not permitted; shooters should take our younger sportsman into consideration.
- The rangemaster has the authority to eject anyone if the rules are not followed.
- Skeet Range Loads: No “highbrass/magnum loads” or shot sizes larger than 7-1/2.
- When shooting trap, shooters in the same squad may not share a firearm, each shooter is to have their own.

Trap and Skeet Prices

- Shooters will be charged for the number of rounds shot. Prices are for a full round, a full round being 25 birds. Discounts are not issued if a shooter elects not to complete his round.
- Shooters will be charged either the member or nonmember prices as currently posted.
- Any shooter who belongs to a beaver county sportsman club is offered the discounted member rate.
- Shooters are responsible for paying after they have finished their last round for the evening.
- Shells are available for purchase at the current advertised price. Shells must be paid for at the time of purchase.
