

# USCCA Emergency Treatment for Gunshot Injuries Course

Thursday, May 25, 2023  
6-9:30 p.m.  
Aliquippa Bucktails Club  
2564 Broadhead Road, Aliquippa PA 15001

Would you know what to do if someone you love, a co-worker or another innocent bystander was the victim of a gunshot wound? Could you prolong the life of a loved one long enough for the ambulance to arrive, if he or she had sustained a lacerated artery from a violent attacker? If you're ready to become your family's first responder in all emergency situations, this training cannot be missed.

**Warning: Simulated blood used in this training may stain clothing. Please dress appropriately for the course.**

This course will cover topics such as:

- Roles of EMS
- "Golden Hour"
- Scene safety/assessment
- recognize life threatening injuries
- Introduction to M.A.R.C.H. P.A.W.S.
- Secondary assessment (DCAP-BTLS)
- bleeding control
- pressure dressing (Israeli bandage & "H" bandage)
- Tourniquet (SOFT-T wide & SWAT-T)
- flail chest
- sucking chest wound (chest seal)

Participants will gain hands-on experience using the Israeli bandage and "H" bandage; SOFT-T wide and SWAT-T tourniquets; create and apply an improvised chest seal and learn how to apply a Hyfin Vent chest seal; pack actively bleeding training leg and gunshot wounds in a box with gauze to control bleeding.

Cost of Class Club members \$70.00; non-members \$75.00

Checks to be written to: Aliquippa Bucktails
